

Products Name	Photo	Function
Maifan Ball		<p>*ADSORB HEAVY METALS,RESIDUAL CHLORINE,PESTICIDE REDIDUE ETC. HAZARDOUS SUBSTANCE.</p> <p>*DISSOLVE ESSENTIAL MINERALS THOSE BODY NEED, SUPPLEMENT TRACE ELEMENT.</p> <p>*ADJUST THE WATER PH TO WEAK ALKALINE 7.2~7.6.</p> <p>*RICH OXYGEN IN WATER, FRESH AND ACTIVATION. HEALTH AND SAFETY.</p>
Tourmaline Ceramic Ball		<p>*PRODUCING ALKALINE WATER</p> <p>*RELEASE NEGATIVE IONS.</p> <p>*THE ELECTROLYSIS OF WATER.</p> <p>*REDUCING WATER MOLECULAR, MICRO-CLUSTERED WATER HYDRATE CELLS MORE EFFECTIVELY.</p> <p>*THE EMISSION OF FAR INFRARED RAY (4-14 MICRONS GROWTH RAYS).</p> <p>*CONTAINS VALID TRACE ESSENTIAL MINERALS WHICH MAINTAIN OPTIMAL HEALTH.</p> <p>*REMOVE PESTICIDE RESIDUES FROM FRUITS AND VEGETABLES.</p>
Alkaline Ceramic Ball		<p>*MAKE ALKALINE WATER (PH 7.0 ~ 9.5)</p> <p>*MAKE ALKALINE & ANTIOXIDANT GOOD-DRINKING MINERAL WATER</p> <p>*EMITS HIGH CAPACITY OF CALCIUM (CA) MINERAL (ENHANCE THE BONE REGENERATION)</p> <p>*REMOVE BAD SMELL IN WATER AND MAKE SWEET TASTE WATER</p>
Far Infrared Ball		<p>*RADIANCE OF FAR INFRARED RAY (THE WAVELENGTH IS 4~20μM) : ≥0.85</p> <p>*ACTIVE WATER</p> <p>*PH OF SOAKING WATER SOLUTION: 8.0~9.5</p> <p>*INSOLUBLE, GRADUALLY RELEASING MINERAL SUBSTANCE</p> <p>*ANTIBACTERIAL</p> <p>*MAKING MICROMOLECULAR ALKALINE WATER</p>
Orp ball magnesium ball		<ol style="list-style-type: none"> 1.MAKING KANGEN WATER 2.MAKING HYDROGEN WATER 3.MAKING ALKALINE WATER 4. MAKING NEGATIVE ORP WATER from +120~160, Max. to -200~-600. 5.RESTORE PH BALANCE IN YOUR BODY 6.ANTI-OXIDANT POWER STRENGTHEN BODY'S IMMUNE SYSTEM 7.MICRO-CLUSTERED WATER HYDRATE CELLS MORE EFFECTIVELY 8.ESSENTIAL MINERALS MAINTAINS OPTIMAL HEALTH 9.MAGNESIUM BALL ALSO COULD BE USED FOR MAGNESIUM LAUNDRY

Volcanic rock ball		<p>-Activity: Ceramic mineral ball can improve the concentration of dissolved oxygen with biological activity in water. It can make degraded water, non bioactive water into living water and bioactive water.</p> <p>-Adsorption: Ceramic mineral ball has adsorption, can adsorb heavy metal ions and toxic substances in water. It can remove heavy metals, chlorides, cyanides and residual pesticides in sewage and purify polluted or turbid water.</p> <p>-The two-way regulation of the content of elements in water: the treatment of water quality with ceramic mineral ball can adjust the content of major and trace elements in water.</p> <p>-Two way regulation of water pH value: Ceramic mineral ball can adjust pH value to above 7, that is, to close to neutral or weak alkaline.</p> <p>-Stable water quality.</p>
Antibacterial Ceramic ball		<p>-Resisting and killing golden staphylococcus ≥96%</p> <p>-Resisting and killing colibacillus ≥98%</p> <p>-Amount of generating negative ions: 150~300p/s.cm³</p> <p>-PH of soaking water solution: 7.2~8.5</p> <p>-Insoluble, gradually releasing mineral substance</p> <p>fujingco@foxmail.com</p> <p>+86-18661873257</p>
Germanium Stone ball		<p>*maintains water in the our body at a proper level, contribute to human body's acid-base balance and nutrient balance.</p> <p>*keeps the balance of nutrition in the body and promotes metabolism.</p> <p>*restrains aches and improves blood circulation.</p> <p>*Release the far infrared, negative oxygen ion in the wate</p> <p>*Excrete the toxins out from human bodies and increase oxygen in the blood</p> <p>*make moisture molecular group smaller, it can permeate cell membrane easily, which will increase cytoactive and body immunity.</p> <p>*High conductivity, low redox potential. It promotes digestion and prevents senium, makes people much healthier</p> <p>*It can eliminate peculiar smell of water and residual chlorine, it also can perish harmful substance and carcinogen.</p>
Radium Stone Ball		<p>1: Radium stone can dilate blood capillaries, enhance blood circulation, promote metabolism, enhance the effect of lymph circulation. At same time, it can make the cell activation, discharge the old cells or give regeneration ability, can enhance cell energy, activity and function. can remove the wrinkle and beautify skin.</p> <p>2: The radium laser gas can dissolve fat detoxification, and promoting diuresis. Cure gout, improve metabolism, promote cells regeneration, absorb disease, anti-inflammatory etc. effect.</p> <p>3: The effect to blood: Donot mind its to drining water or bath water, It can active the hematopoietic organs, increase white blood cells, to lower blood pressure, diastolic blood vessels, reduce blood viscosity.</p> <p>4: The fuction for nervous system: the radium laser gas is fat soluble, can reach at the end of nerve sheath thoroughly. It can reduce the pain of neuralgia, neuritis etc. and also has the obviously effect for chronic arthritis, muscle rheumatism etc.</p> <p>5: The function for endocrine: Radium laser gas can excite the endocrine gland, It has more vitality for gonad specially. For example, the month amenorrhea check women, they usually can restore menstruation because of a bath. For the early aging man, radium laser gas can inspire their reproductive function. Meanwhile, it also has the excitation function to intestinal, it has the good effect for treating constipatio</p>

<p>Selenium stone ball</p>		<p>1: Selenium has anti-cancer effect. If human body is short of Selenium, it is susceptible for cancer.</p> <p>2: Selenium has antioxidant function. It can also enhance human immunity.</p> <p>3:It has the function of antagonism for harmful heavy metal. Its easy to cause the heavy metals poisoning symptoms by Lead, Arsenic, Cadmium etc. because of the shortage of Selenium.</p> <p>4:Selenium can adjust the absorption and ultilization of Vitamin A, Vitamin C, Vitamin E, Vitamin K. If short Selenium, human is easy to cause myopia, cataract, retinopathy retinal disease, old age diseases such as macular degeneration etc.</p> <p>5: Regulating protein synthesis. If short Selenium, it is easy to malnutrition, chromosome damage etc.</p> <p>6: Selenium can enhance reproductive function. If short Selenium in body, can cause ejaculation blocked, low sperm activity, misshapen, conception rate lower, high incidence of uterine inflammation. etc. Selenium is a necessary composition of peroxidase in seminal plasma. When the Selenium contents is lower, the peroxidase activity become lower too, it will can not inhibit sperm cell membrane peroxidation. and caused sperm damage, dead sperm increased and activity lower down.</p> <p>7: Selenium is an essential ingredient of the muscle. If short Selenium, may cause the skeletal muscle atrophy and ashen white stripes, myocardial damage, myocardial cell density chagement, lipid increased, calcium deposition , to cause disease.</p>
<p>Zeolite mineral ball</p>		<p>1.Soften water</p> <p>2.Reduce fluorine content</p> <p>3.Removal heavy-metal ions</p> <p>4.Removal radioactive substances</p> <p>5.Adsorption ability of organic pollutants</p> <p>6.Removal ammonia nitrogen content</p> <p style="text-align: right;">fujingco@foxmail.com</p> <p style="text-align: right;">+86-18661873257</p>
<p>color natural mineral ball</p>		<p>1.Adsorb heavy metals,residual chlorine,pesticide redidue etc. hazardous substance.</p> <p>2.Dissolve essential minerals those body need, supplement trace element.</p> <p>3. Adjust the water pH to weak alkaline 7.2~7.6.</p> <p>4. Rich oxygen in water, fresh and activation. health and safety.</p> <p>5. Remove bad smeel in water and make sweet taste water</p>
<p>Hydrogen water ball</p> <p>kangen water ceramic ball</p> <p>orp ceramic ball</p>		<p>1.MAKING KANGEN WATER</p> <p>2.MAKING HYDROGEN WATER</p> <p>3. MAKING ALKALINE WATER</p> <p>4.Reduce the ORP (Oxidation Reduction Potential) value of tap water, generally from +120~160, Max. to -200~-500.</p> <p>5. Accelerate metabolism and enhance immunity of the body</p> <p>6. Purify blood and lighten burden of liver</p> <p>7. Boost gastrointestinal peristalsis, stop pain and diminish inflammation</p> <p>8.RESTORE PH BALANCE IN YOUR BODY</p> <p>9.ANTI-OXIDANT POWER STRENGTHEN BODY'S IMMUNE SYSTEM</p> <p>10.MICRO-CLUSTERED WATER HYDRATE CELLS MORE EFFECTIVELY</p>

Muyu stone ball		<p>1.Improve immunity. Wooden fish stone has various trace elements including Se,Zn,Mo etc. It can improve body metabolism and activity of various enzyme.</p> <p>2.Anti-aging function. Plenty of elements of muyu stone have an obvious affect on human Body,Supplement certain trace elements will have an affect on anti-aging of human body.</p> <p>3.Anti-tumor function. Wooden fish stone can inhibit growth of tumor .Improve the immunity activity of anti-tumor.</p>
Dechlorination ceramic ball		<p>- excellent efficiency of remove residual chlorine in water.</p> <p>- diminution of bad smell, bad taste, impurities, organic matter.</p>

Manufactuer: [Qingdao Sunrise Energy-Saving Materials Co., Ltd.](#)
